

## Join our End to End Challenge! Run-walk-wheel 271 miles in one year

In November 1805 the Trafalgar Messenger came ashore at Falmouth and covered the 271 miles to London in less than 38 hours, travelling by horse and carriage as he carried his news of victory and tragedy to the Admiralty. Could you cover the same distance by running, walking or wheeling in stages, in under 1 year and 38 hours?
